Interested in sending out an email about Rivet School's Degree Programs to your staff? Copy and paste the email below:

--

Are you interested in earning your BA degree while you work? Are you looking for a flexible, supported, online program that you can work on from home? We are excited to announce our partnership with [Rivet School](#) – a nonprofit college program that offers a clear, affordable path to earn a BA.

Interested staff will work through a job-relevant BA program online, get support from a personal coach, and work alongside a community of peers pursuing the same goal. Those who put in about 15 hours a week can earn a BA in as little as 2-3 years. Learn more about Rivet School by submitting an [interest form](#).

A few key features to note about the Rivet School program:

- Personalized coaching and flexibility: Rivet School provides highly personalized weekly 1:1 coaching with a coach who's with you every step of the way.
- Completely online and virtual: Meet virtually with your coach and work through your projects entirely online.
- Financial aid and support: Rivet School provides 1:1 support to guide you through the application process – including helping you fill out the FAFSA and apply to financial aid opportunities.
- Free 6-week trial period: Try out Rivet School's program for free for six weeks before making your first tuition payment.

We believe in the potential of our staff, and we are committed to offering a pathway to grow your career. We hope you'll learn more by submitting an interest form [here](#). Feel free to reach out to our Admissions team at Rivet School (admissions@rivetschool.org) with any questions!

Best,
